In Spring 2021, the Siskiyou Prescribed Burn Associations (SPBA) burned about 35 acres on four different landowners’ properties among Shasta and Scott Valleys. We would like to invite the public to tour the burns to see what the areas look like after prescribed fire.

Please join us for field tours of the prescribed understory burns. You are welcome to attend both or either tours. We will be caravanning in cars; you are welcome to carpool. Please bring lunch, water, and transportation.
